WHY CHOOSE NORDIC BOBA

ASIAN CULTURE - MADE IN DENMARK

Our local European production means you get freshly produced pearls, eliminating long shipping times from Asia. Our pearls are made right here in Denmark, giving you the best quality with fast, reliable delivery across Europe.

ENGINEERED FOR YOUR OPERATION

Our popping boba's thicker, durable skin is engineered to be pumpable, ensuring they hold up in large-scale foodservice without breaking. This makes it easy to scale production while delivering a consistent, high-quality product.

SHORT LEAD TIME WITH LOW MOQ

We offer short lead times and low MOQs to minimize your risk of dead stock and improve your liquidity. Our flexible ordering model allows you to keep your inventory fresh while protecting your bottom line.

QUALITY ASSURANCE

Our production facility is FSSC 22000 certified. This ensures that every pearl you serve is not only delicious but also consistently high-quality and completely safe for your customers.
